

## STATEMENT

Originally from NJ, I moved to Montana to heal the wounds that are created by living in the most densely populated state and being so isolated from nature. My photography falls in the matrix where fine art and documentary meet; where I can tell truths about our relationships to other people, animals, nature, and ourselves. My work is about empathy.

## EDUCATION

1991, New York University College of Arts & Science, Bachelor of Arts.  
Major: Anthropology. Minor: American History.
